Steps to Change Your Flight on Alaska Airlines

1. Check Your Fare Type

Before making any changes, it's important to know your fare type, as this determines how much flexibility you have:

- **Main Cabin and First Class Fares:** These fares allow changes without a change fee. However, you will need to pay the **fare difference** if the new flight is more expensive.
- **Saver Fares:** These are **non-changeable** after the 24-hour window from booking. If you book a Saver Fare, you will not be able to modify the flight unless done within the first 24 hours of booking.

2. Make Changes Online

You can easily change your Alaska Airlines flight through the airline's website:

- Visit www.alaskaair.com
- Click on “**Manage Trip**”
- Enter your **confirmation code** and **last name**
- Select “**Change Flight**” from your booking details
- Follow the instructions to choose a new flight and pay any fare difference if necessary

This option is available 24/7, allowing you to manage your trip anytime, anywhere.

3. Make Changes Using the Alaska Airlines Mobile App

You can also use the **Alaska Airlines mobile app** to manage your booking. The process is the same as on the website: just log in to your account, select your booking, and modify the flight as needed.
